THE ROYAL SOCIETY OF EDINBURGH

DIRECTORY 2002
(Session 2001-2002)

PUBLISHED BY
THE RSE SCOTLAND FOUNDATION
ISSN 1476-4334

PREFACE

Welcome to the first *RSE Directory* for Fellows. We hope that you will find it a useful point of reference, both as a source of contacts for Fellows and Staff, and as a guide to the life and work of the Society.

Last year, a working party, chaired by the then General Secretary, Professor Peter Wilson met to consider ways in which the existing yearbook could better fulfill its purpose in disseminating information to Fellows. Council approved the Working Party's recommendation that the format of the yearbook be changed. It is hoped that by dividing it into two parts, the documents will be more user friendly.

This Directory contains information about the Fellowship and the structure and activities of the Society. A new *Annual Review* which will be published in the Spring, will reflect upon the past session and seek to provide Fellows and other key individuals and organisations throughout Scotland with information on developments within the Society. The Society will also continue to provide Fellows with up to date information by e-mail, through regular postal dispatches, via the RSE website and in its newsletter *ReSource*, which replaced *RSE News* in April 2000.

We hope that you will find these publications useful and that they will assist you in playing as great a role as you feel able in the development of The Royal Society of Edinburgh.

4 March	Business Committee
8 April	Council
13 May	Business Committee
1 July	Council
26 August	Business Committee
30 September	Council
4 November (provisonal)	Business Committee
2 December (provisonal)	Council

THE ORIGINS AND DEVELOPMENT OF THE ROYAL SOCIETY OF EDINBURGH

The Royal Society of Edinburgh was established in 1783 under a Royal Charter granted by George III, for the “Advancement of Learning and Useful Knowledge”. In recent years the Society has recaptured the spirit of the original Charter and represents all branches of learning. The Society is a wholly independent body with charitable status, governed by a Council elected from among its 1200-strong Fellowship. The Fellowship includes distinguished individuals drawn from Science, Arts, Letters, Technology, the Professions, Industry and Commerce. Although the Society was founded, and is based, in Edinburgh, from the earliest days its Fellows have been drawn from all parts of Scotland and beyond. It functions as Scotland’s National Academy for Science and Letters.

In seeking to achieve the ‘Advancement of Learning and Useful Knowledge’, the Society undertakes a wide range of activities, including: the organisation of meetings and symposia aimed both at the specialist and the general public; the publication of learned journals; the award of Research Fellowships, Scholarships and Prizes; activities in support of the Technology Ventures Strategy and Foresight, and the organisation of activities aimed at young people throughout Scotland. The Society’s independence and the breadth of the Fellowship combine to provide an important neutral forum for informed consideration of topics concerning the well-being of Scotland. It regularly provides evidence, advice and comment to Parliament and government. The Society has strong links with other national academies in the UK and is building closer relations with national academies overseas.

The Society’s Rooms are in the centre of Edinburgh and were extensively refurbished in 1983 to provide suitable accommodation in which to hold lectures, symposia and other meetings. In 1994 the Society purchased the adjacent building at 26 George Street which was refurbished during 1998 by the RSE Scotland Foundation and linked to the Society’s Rooms to enable further expansion of the Society’s activities.

A detailed account of the History of the Society was written by Professor Neil Campbell and Professor R M S Smellie (former General Secretary) for the Society’s Bicentenary Celebrations in 1983. This describes in detail the origins and background to the Society. Copies of this volume are available from the Society’s Office.

COUNCIL OF THE SOCIETY - SESSION 2001-2002

President

Sir William STEWART, PhD, DSc, HonDSc, DUniv, LLd, FRS

Vice-Presidents

The Rt Hon Lord ROSS PC, MA, LLB, HonLLD, HonDUniv
Sir David CARTER, MB, ChB, MD, HonDSc, HonLLD, FRCSE, FRCS,
FRCPSG, FRCPE, HonFACS, HonFRCSI
Professor A C WALKER, BA, MSc, PhD, FInstP

General Secretary

Professor A MILLER, CBE, BSc, PhD, MA

Treasurer

Sir Laurence HUNTER, CBE, DPhil, HonDUniv

Curator

Professor M D MCLEOD, DSA, BLitt, MA

EurBiol

Young People's Programme Convener

Dr L S D GLASSER, MBE, PhD, DSc, FInstP, FRSC

Secretaries to Meetings

Professor C M DUFFUS, BSc, MSc, DIC, PhD, DSc
Professor D J BREEZE BA, PhD, PPSAScot, MIFA, FSA

Councillors

Mr E CUNNINGHAM, CBE, MA, MBA
Professor C KUO, BSc, PhD, CEng, FRINA, MSNAME, FIESS
Professor E B LANE, BSc, PhD
Professor J F MCCLELLAND, CBE, CIMgt, FIIM, FRSA
Professor R G M MORRIS, BA, DPhil, FRS
Dr W S NIMMO, BSc, MD, FRCPE, FRCPG, FRCA, FANZCA, FFPM, DCPSA
Professor M PEAKER, PhD, DSc, FLS, FIBiol, FRS
Professor D H SAXON, MA, DPhil, DSc, FInstP, FRSA
Professor P F SHARP, BSc, PhD, FInstP, FIPSM
Professor I H STEVENSON, BSc, PhD
Lord SUTHERLAND of Houndwood, MA, HonDLitt, HonLLD, Hon LHD, FBA

THE RSE SCOTLAND FOUNDATION

In March 1996 the Society established a charitable trust, the RSE Scotland Foundation. The Foundation is recognised in Scotland as Scottish charity number SCO 24636 and is registered for VAT. The Foundation plays a leading role in the continued development of the Society's public outreach activities and has managed the development of the new premises at 26 George Street, Edinburgh. The President, General Secretary, Treasurer, Curator and a Vice-President of the Society are *ex officio*s Trustees of the Foundation. The Foundation also has five nominated Trustees who are appointed by the Council of the Society.

Through its activities in 26 George Street, the Foundation meets its objective of preserving and conserving the architectural, scientific and cultural heritage of Scotland. In parallel the Foundation aims to develop the Scottish public's understanding of science, engineering and technology and the part they play in increasing wealth and quality of life, and to foster greater collaboration between the academic and business communities in Scotland. The Foundation calls upon the broad intellectual resources of the Fellowship of the Society in the promotion of these objectives.

RSE SCOTLAND FOUNDATION TRUSTEES

(As at October 2001)

Chairman

Professor R J DONOVAN, BSc, PhD, CChem, FRSC

Hon Secretary

* Professor A MILLER, CBE, BSc, PhD, MA

Hon Treasurer

*Sir Laurence HUNTER CBE, DPhil, HonDUniv

Trustees

*Sir William STEWART, PhD, DSc, HonDSc, DUniv, LLd, FRS

THE ROYAL SOCIETY OF EDINBURGH
LAWS OF THE SOCIETY
(revised October 1999)

1. THE ROYAL SOCIETY OF EDINBURGH, which was instituted by Royal Charter in 1783 for the promotion of Science and Literature, shall consist of Ordinary Fellows (hereinafter termed Fellows), Corresponding Fellows and Honorary Fellows.
2. Only Fellows shall be eligible to hold office or to vote at any meeting of the Society.

THE COUNCIL

3. The affairs of the Society shall be managed by the Council, the members of which are its Trustees. This shall consist of the following Officers, namely a President, three Vice Presidents, a General Secretary, a Treasurer, a Curator, a Fellowship Secretary, an International Committee Convener, a Programme Convener, a Research Awards Convener, a Youth Programme Convener, and in addition to these Officers two Secretaries to Meetings and Ordinary Members of Council. The total number of Officers and other Members of Council shall not exceed twenty-five.

ELECTION OF COUNCIL

4. Except as provided by Law 5, the election of all officers and members of Council for the ensuing Session shall be held at the Statutory Meeting on a date as determined under Law 44. The Council shall invite and shall take into account suggestions by Fellows for Council Membership. The list of names of persons recommended by the Council for election shall be issued to the Fellows not less than one week before the meeting. The election shall be by ballot, and each person recommended by Council shall be declared elected unless the majority of Fellows present and voting shall decide otherwise. Scrutineers shall be nominated as provided for in Law 35. Those elected thereby shall take office immediately following the conclusion of the Business of the Statutory Meeting.
5. If the Council nominee for the office of President is not the current President, the election of the President shall be held at the first Ordinary meeting in the March preceding the Statutory Meeting in October when he or she will take up office. If not already a member of Council, the President-elect shall be invited to attend Council and Committee meetings for the remainder of the Session.

Directory 2002

6. In the event of a vacancy arising in any of the Offices enumerated in Law 3, or in the membership of Council, the Council shall proceed, as soon as convenient, to elect a Fellow to fill the vacancy arising, to hold office until the next Statutory Meeting.
7. All Officers and Members of Council enumerated at Law 3 shall hold office for periods not exceeding three consecutive years, with the exceptions of the General Secretary and the Treasurer, who shall hold office for periods not exceeding five consecutive years. Notwithstanding the foregoing provisions, Council may for special reasons propose for re-election a serving officer other than the President or a Vice-President, even if barred by the above stated time limits; such special reason must be explicitly declared by Council to the Statutory Meeting or a Special Meeting called in accordance with Law 47 and a motion that the special reason is acceptable must be carried by a two-thirds majority of those present and voting at such a meeting before such nomination may be received and put to the vote.

POWERS OF COUNCIL

8. The Council shall have the following powers:-
 - a) To manage all matters concerning the affairs of the Society.
 - b) To appoint annually a Business Committee, which shall consist only of members of Council, to conduct such business of the Society as the Council may delegate to it.
 - c) To create other committees and appoint members thereof, who may be non-members of Council and to define the terms of remit and powers of committees.
 - d) To delegate to such Officers, Committees and persons to be responsible to Council, the everyday management of such business as it deems expedient to delegate.
 - e) To appoint employees and determine their remuneration and conditions of service.
 - f) To control the investment and expenditure of the Funds of the Society.
 - g) To award the various prizes vested in the Society, in accordance with the terms of the respective deeds of gift.
 - h) To make from time to time standing Orders for the regulation of the affairs of the Society.

The Laws of the Society

9. The Business Committee shall comprise all Officers enumerated in Law 3 and anyone as Council may appoint.

DUTIES OF THE PRESIDENT

10. The President shall take precedence of every Fellow of the Society, at their ordinary place of meeting, and also in all other places, where any number of the Fellows meet as a Society, Council or Committee.
11. The duties of the President shall be to preside at Meetings, and regulate all the discussions of the Society, Council and Committees; to summon all meetings of the Council and Committees; to call for reports and accounts from Committees and others; to check irregularities, and to keep all persons to order; and to execute, or see to the execution of, all the Laws of the Society. At all such meetings the President or nominee appointed by him or her in his or her absence, shall have a casting vote as well as a deliberate vote.

DUTIES OF THE VICE-PRESIDENTS

12. The duties of the Vice-Presidents shall be to discharge the duties of the President in his or her absence and to undertake such other duties as the President or Council may from time to time decide.

DUTIES OF THE GENERAL SECRETARY

13. The General Secretary shall be responsible to the Council for the general conduct of the Society's business, excepting that which relates to finance.
14. He or she may attend all meetings of the Society, Council and Committees. He or she shall ensure that proper Minutes are kept of the Statutory and Special Meetings of the Society, and of the meetings of Council and the Business Committee.

DUTIES OF THE TREASURER

15. The Treasurer shall be responsible to the Council for the proper care and administration of the Society's moneys and finance-related business. He or she or, with the approval of the Council, some person appointed by him or her, shall receive for the use of the Society all sums of money due or payable to the Society, and shall pay and disburse all sums due or payable by the Society and shall keep account of all such receipts and payments. He or she shall lay before the Council a list of arrears in accordance with Law 38. He or she shall be Convener of the Investment Committee ex officio.

Directory 2002

16. At the Statutory Meeting he or she shall present the Accounts for the preceding financial year, balanced to the thirty-first of March, prepared in accordance with generally accepted and applicable accounting practice and with relevant legislation. The accounts shall be audited by a professional accountant appointed annually by the Council and must be approved by Council prior to presentation to the Statutory Meeting.

DUTIES OF THE FELLOWSHIP SECRETARY

17. The Fellowship Secretary shall be responsible to the Council for matters relating to the election of Fellows, Corresponding Fellows and Honorary Fellows and the maintenance of records of Fellows, Corresponding Fellows and Honorary Fellows and Candidates for election to Fellowship. He or she shall be convener ex officio of the Fellowship Committee, and a member, ex-officio of the Grants Committee, the Lessells Bequest Committee and the Prize Committees.

DUTIES OF THE PROGRAMME CONVENER

18. The Programme Convener shall be responsible to the Council for the organisation of Ordinary Meetings, Symposia and Conferences and other such meetings as may be approved by the Council. He or she shall be Convener ex officio of the Meetings Committee and a member ex officio of Organising Committees for Conferences, Symposia and other meetings and also of the Youth Programme Committee.

DUTIES OF THE CURATOR

19. The Curator shall be responsible to Council for the Library and for other matters relating to the National Library of Scotland. He or she shall have responsibility for ensuring the proper security, care and maintenance of the Society's rooms, furnishings, treasures, archives and other property. He or she shall be a member ex officio of the Editorial Boards.

DUTIES OF THE RESEARCH AWARDS CONVENER

20. The Research Awards Convener shall be responsible to the Council for matters relating to the award of Research Fellowships, Research Studentships, Grants, Medals and Prizes. He or she shall convene, ex officio, the Committees responsible for recommending to Council in accordance with the relevant regulations the award of such Research Fellowships, Research Studentships, Grants, Medals and Prizes, with the exception of the Bicentenary Medal, which shall be the responsibility of the President.

DUTIES OF THE INTERNATIONAL CONVENER

21. The International Convener shall be responsible to the Council for matters relating to the international activities of the Society. He or she shall be Convener *ex officio* of the International Committee and, with the Programme Convener, shall be responsible for recommending to Council the arrangements for conjoint meetings with overseas Academies and learned Societies.

DUTIES OF THE YOUNG PEOPLE'S PROGRAMME CONVENER

22. The Young People's Programme Convener shall be responsible to the Council for matters relating to activities with young people. He or she shall convene the Youth Programme Committee and shall be a member *ex officio* of the Meetings Committee.

DUTIES OF THE SECRETARIES TO MEETINGS

23. The Secretaries to the Meetings shall assist the Programme Convener and General Secretary in the organisation of Meetings and shall, *ex officio*, be members of the Meetings Committee. They shall keep the Minutes of the Ordinary Meetings and ensure that a record is kept of Symposia, Conferences and other meetings organised by the Society.

EXECUTIVE SECRETARY

24. The Council shall appoint a person to be Executive Secretary of the Society and that person shall be responsible to the Council.
25. He or she shall be subject to such directions as may be given by the President and Council and shall work in close collaboration with the General Secretary and the Treasurer, and with the other designated Officers in the areas of their respective responsibilities. In the absence of the General Secretary, or other designated Officer, he or she shall represent that Officer as necessary. He or she shall not, unless with the approval of Council, engage in any other employment or hold office with any other professional body, while holding the office of Executive Secretary and shall be paid such salary as the Council may from time to time determine.

Directory 2002

26. He or she shall be head of the paid staff of the Society and the principal policy adviser to the Council. He or she will be charged with:

- a) The efficient conduct of the Society's general administration.
- b) Attendance, except on such special occasions as may be determined by the President, at all meetings of the Council and Business Committee and arranging for appropriate staff to be in attendance at all other meetings, and the taking of the Minutes thereof, and the submission of such Minutes to the President, General Secretary, or Committee Convener as appropriate, for revision or approval.
- c) The control of the offices.
- d) The direction of all staff employed by the Society and the arrangement of their work.
- e) Ensuring the proper communication of information between the Society's staff and the Officers of the Society.

27. He or she shall have the charge and custody of the books, manuscripts and archives belonging to the Society, together with the papers and writings relating to the Business of the Society, all of which shall, except in such cases as the Council shall otherwise order, be kept in the Society's Rooms.

OTHER SENIOR STAFF

28. The Council shall appoint such other staff as are necessary for the efficient conduct of the Society's business and such staff shall be responsible to the Executive Secretary.

ELECTION OF FELLOWS

29. Each Candidate for admission as a Fellow shall be proposed and recommended by a Certificate in writing signed by at least four Fellows, two of whom must certify from personal knowledge of the Candidate. Such Certificates shall be delivered to the Fellowship Secretary on or before the thirty-first day of the month of July preceding the start of the Session in which the Candidate is to be considered for Election. Each certificate shall specify the name, status, profession, nationality, date of birth, usual place of residence, and the qualifications of the Candidate. Each Certificate, unless earlier withdrawn, shall be valid for up to three years. Should a Candidate not be elected within the three year period of validity of his or her Certificate, a fresh Certificate, valid for a further three years, may be lodged after two years have elapsed.

30. The Fellows who sign a certificate from personal knowledge shall undertake the responsibility of acting as proposer and seconder respectively, in so far that all communications on the subject of the candidature shall take place with one of them.
31. The proposer shall be responsible for informing the Candidate of the payments to be made to the Society before the Candidate can be admitted as a Fellow.
32. Not later than October, an alphabetical list of all Candidates whose Certificates are valid on the first day of August immediately preceding shall be prepared, making reference to their year of candidature.
33. The list so prepared shall be published along with the names of the Fellows by whom each Candidate is supported or recommended, and a supporting statement for each Candidate. A copy of such list shall be immediately thereafter sent to every Fellow. The Council shall select from such printed list of Candidates a number to be recommended to the Society for election. The list of Candidates so approved by the Council for election, shall be issued to the Fellows not later than the twenty-first day of February.
34. The election of Fellows shall be by Ballot, and shall take place at the first Ordinary Meeting in March. Only Candidates approved by the Council shall be eligible for election. A Candidate shall not be held elected, unless his or her election is supported by the votes of at least two-thirds of the Fellows present and voting.
35. On the day of election of Fellows two scrutineers, nominated by the President, shall examine the votes and hand their report to the President, who shall declare the result.
36. Each Fellow after his or her election is required to attend a Meeting of the Society in order to be admitted a Fellow: the admission of new Fellows to the Society is not complete until this has been done although the President may grant an exemption or deferment to a newly elected Fellow if satisfied there is good and proper cause for doing so. At such Meeting the new Fellow shall be introduced to the President who shall address him or her in these words:

In the name and by the authority of THE ROYAL SOCIETY OF EDINBURGH, I admit you a Fellow thereof.

Directory 2002

Thereafter he or she shall sign the Roll of Fellows, thereby affirming that "As an elected Fellow of the Royal Society of Edinburgh, I undertake to do all within my power to uphold the purposes and good name of the Society".

37. Each Fellow shall, before he or she is admitted to the privileges of Fellowship, pay an admission fee and a subscription for the year of election. He or she shall continue to pay an annual subscription at the beginning of each session so long as he or she remains a Fellow. The annual subscription and admission fee shall be such sums as may be fixed by Council for the time being.
38. A Fellow, who after application made by the Treasurer, fails to pay any contribution due by him or her, shall be reported to the Council, and, if the Council sees fit, shall be declared no longer a Fellow. Notwithstanding such declaration, all arrears of contributions shall remain exigible.

CORRESPONDING FELLOWS

39. Corresponding Fellows shall be persons who have attained high international standing in any subject within the disciplinary domains of the Society and who are not normally resident in the United Kingdom. Council may nominate a Corresponding Fellow who subsequently becomes normally resident in the UK to become an Ordinary Fellow, subject to payment of the normal admission and subscription fees. Not more than ten persons may be elected as Corresponding Fellows in any one Session. The procedure for nomination of Corresponding Fellows and for their election shall be determined by the Council, having regard to Laws 29 to 36.

HONORARY FELLOWS

40. Honorary Fellows shall be members of the Royal House, or persons eminently distinguished in any subject within the disciplinary domains of the Society. No Honorary Fellow shall be under any obligation to contribute to the Society's funds.
41. A member of the Royal House may at any time be proposed by the Council to the Fellowship for election. The procedure for nomination of other candidates for Honorary Fellowship and for their election shall be determined by the Council on the basis of Laws 29-36. Not more than four such persons shall be elected as Honorary Fellows in any one Session.

EXPULSION OF FELLOWS

42. If, in the opinion of Council, the conduct of any Fellow is injurious to the character or interests of the Society, the Council, may, by registered letter, require him or her to resign. If he or she fails to do so within one month of such request, the Council shall call a Special Meeting of the Society to consider the matter. If a majority consisting of not less than two-thirds of the Fellows present and voting, decides on expulsion, he or she shall be expelled by declaration from the Chair, his or her name shall be erased from the Roll, and he or she shall forfeit all right or claim in, or to, the property of the Society.
43. It shall be competent for the Council to remove any person from the Roll of Honorary Fellows, if, in their opinion, his or her remaining on the Roll would be injurious to the character or interests of the Society. Reasonable notice of such proposal shall be given to each member of the Council, and, if possible, to the Honorary Fellow him or herself. Thereafter the decision on the question shall not be taken until the matter has been discussed at two Meetings of Council, separated by an interval of not less than fourteen days. A majority of two-thirds of the members present and voting shall be required for such removal.

MEETINGS OF THE SOCIETY

44. A Statutory Meeting for the election of Council, for the presentation of the annual reports of the General Secretary and Treasurer, and for such other business as may be arranged by the Council, shall be held each year on the last Monday of October or exceptionally on such other Monday in October or November as may be determined by the Council. Each Session of the Society shall begin at the date of the Statutory Meeting.
45. Meetings for the reading and discussion of communications and for general business, herein termed Ordinary Meetings, shall be arranged by Council and held on such dates as may be deemed suitable.
46. The Business of the Society at the Ordinary Meetings shall be to order, take account of, consider and discourse on scientific, technological and literary experiments and observations.

Directory 2002

47. A Special Meeting of the Society may be called at any time by direction of the Council, or, on a requisition to the Council, signed by not fewer than twenty Fellows. Such meeting shall be convened as soon as practicable, the date and hour thereof to be determined by the Council, who shall give not less than seven days' notice of such meeting is summoned; no other business shall be transacted. At any Special Meeting of the Society, fifty Fellows shall constitute a quorum.
48. The Council may also arrange, from time to time, such symposia, conferences or other meetings as it thinks fit, for discussion of such topics as may be arranged.
49. No stranger shall be permitted to be present during a meeting, except by the approval of the President or Council.

PUBLICATION OF PAPERS

50. The Society shall publish Transactions, Proceedings and such other publications as may be considered appropriate. The Council, whose decision is final, is advised on the acceptability, reading and publication of the papers by those Committees established for such purposes. Acceptance of a paper for reading shall not necessarily imply acceptance for publication.
51. Any Fellow who is not in arrears with his or her annual subscriptions and any Honorary Fellow shall be entitled to purchase available copies of the Society's publications on such terms as the Council may from time to time determine.

ALTERATION OF LAWS

52. Any proposed alteration in the Laws shall be considered by the Council, due notice having been given to each member of Council. Such alteration, if approved by the Council, shall be proposed from the Chair at the next Ordinary Meeting of the Society, and in accordance with the Charter, shall be considered and voted upon at a Meeting, normally a Statutory Meeting or Special Meeting convened for the purpose, held at least one month after that at which the motion for alteration shall have been proposed.

STANDING COMMITTEES OF COUNCIL

Terms of Office

The terms of office of the Society's Officers are defined under the Laws of the Society in Law 7. For other members of Standing Committees and Publication Boards, the following rules will normally apply:

Ordinary members of Standing Committees will serve for three years. Conveners of Standing Committees will hold office for not more than three years, whether or not they have previously served as ordinary members of the Committee. Members of Editorial Boards are appointed initially for four years. Executive Editors are eligible for reappointment after completing their four years in post. Executive Editors may also have previously served on the Board for up to four years.

Ordinary members of Standing Committees and Publication Boards are eligible for re-election after one year. Conveners of Standing Committees are eligible for re-election after three years.

SECTIONAL COMMITTEES AND THE ELECTORAL PROCESS

The Council appoints twenty-one Sectional Committees, corresponding to the disciplinary categories of the Fellowship, to take office on 1 August each year. Members of Sectional Committees are appointed by Council at the recommendation of the Fellowship Committee. Members of Sectional Committees will normally serve for a period of three years. Conveners will hold office for not more than three years, whether or not they have previously served as ordinary members of the committee. Members of Sectional Committees who have retired by rotation are eligible for reappointment after three years. The membership of Sectional Committees is printed below with the expected date of retiral shown against each name.

Sectional Committees serve as an essential element in the Election Procedure for Candidates for Fellowship. They represent the first stage in a five-stage selection process also including Sector Groups, the Fellowship Committee, Council and the Fellowship. Each October/November, Sectional Committees consider and prioritise the candidates nominated in their areas. These nominations are considered competitively within each Sector Group of cognate Sectional Committees using the allocation of provisional Fellowship places as decided by Council in September. Each Sector Group is chaired by a relevant Vice-President or the Treasurer. The Fellowship Committee considers the Groups' lists of recommended candidates, and these are then resolved by Council before the Ballot list goes to the Fellowship the following March.

Sectional Committees may also be asked to provide specialist advice to Council, as appropriate, on such matters as the programme of addresses and symposia, nominations for prizes, and responses to consultative documents from Government and other bodies. So far as possible, Council will inform Sectional Committees in September of business, additional to the Fellowship election procedure, which it will require of each Committee in that year.

Mr M T Thyne	2003
Mr G R Wilson	2003

MEDALS, PRIZES AND PRIZE LECTURESHIPS

The Royal Society of Edinburgh awards Medals, Prizes and Prize Lectureships, details of which are given below. Prizes and Prize Lectureships carry monetary awards. Details of recent Award-winners can be found in the RSE Year Books 2001 and 1993. Appendix I shows the awards to be given over the next four Sessions, including the current Session (2001-2002). The awards available this Session are indicated by asterisks after their titles. Fellows are asked each year to make nominations for the awards, and completed nomination forms are required by the end of November. Forms for this purpose can be obtained from the Research Fellowships Secretary. The award Committees meet early in the New Year, and the names of awardees, as approved by Council, are announced in March.

MEDALS

DAVID ANDERSON BERRY MEDAL

This Medal was established in 1930 as a result of a donation from Dr David Anderson-Berry. It is awarded quinquennially for recent work on the effects of X-rays and other forms of radiation on living tissues. Published work is taken into consideration if submitted to the Society with the application.

BICENTENARY MEDAL*

This Medal was instituted by Council in 1983 to commemorate the bicentenary of the Society and recognises distinguished service to the Society in Offices other than that of President.

HM Queen Elizabeth II presented the first four medals on the occasion of her opening of the refurbished Rooms on 25 June 1983. Awards are normally made triennially, in the first year of each Presidency.

W S BRUCE MEDAL

Instituted in 1923, this Medal commemorates the work of Dr W S Bruce, an explorer and scientific investigator in polar regions. The Society acts as trustee for administration of the Bruce Medal fund and the award is made by a joint Committee appointed by the Royal Society of Edinburgh, the Royal Physical Society and the Royal Scottish Geographical Society.

Directory 2002

The Bruce Medal is awarded quinquennially and it is open to workers of all nationalities, preferably of Scottish birth or origin, and preferably at the outset of their careers. The Medal is for some notable contribution to Zoology, Botany, Geology, Meteorology, Oceanography or Geography. It should represent new knowledge, or be the outcome of a personal visit to polar regions by the recipient.

KEITH MEDAL*

This Medal was inaugurated in 1827 as a result of a gift from Alexander Keith of Dunottar, the first Treasurer of the Society. It is awarded quadrennially for a paper on a scientific subject presented in the first instance to the Royal Society of Edinburgh, preference being given to a paper containing a discovery.

The Medal is awarded alternately, provided that a paper worthy of recommendation has been received, for a paper published in:

- (i) Proceedings A (Mathematics) or
- (ii) Transactions (Earth Sciences).

The next award will be for a paper published in Transactions.

NEILL MEDAL*

This Medal was first awarded in 1859, following a bequest received in 1851 from the late Dr Patrick Neill, a distinguished Scottish Naturalist. It is awarded triennially for a work or publication, by a Scottish Naturalist, preferably based in Scotland, on some branch of Natural History, completed or published within the last five years.

ROYAL MEDAL*

These Medals were instituted by Her Majesty The Queen in the year 2000. They are awarded annually, to individuals who have achieved distinction and are of international repute in any of the following categories: Life Sciences; Physical and Engineering Sciences; Humanities and Social Sciences; Business and Commerce. Candidates for the Royal Medals need not be RSE Fellows and should, preferably, have a Scottish connection irrespective of place of domicile.

PRIZES

MAKDUGALL BRISBANE PRIZE*

This Prize was founded in 1855 by Sir Thomas Makdougall Brisbane, who was the fourth President of the Society and who held office for twenty-eight years. It is awarded biennially, with preference to a person aged under 40 working in Scotland, for particular distinction in the promotion of scientific research, with the proviso that, in the absence of a person of sufficient distinction, Council may decline to make the award. The Prize is awarded sequentially to research workers in the following fields:

- (i) Physical Sciences
- (ii) Engineering Sciences
- (iii) Biological Sciences

The next award will be in the field of Physical Sciences.

ALEXANDER NINIAN BRUCE PRIZE

This Prize is funded by the Henry Dryerre Fund established under the will of the late Mrs Agnes Dryerre. It is awarded quadrennially for meritorious research in Medical or Veterinary Physiology, preferably to a person aged under 40 working in a Scottish Higher Education Institution.

PRIZE LECTURESHIPS

BP PRIZE LECTURESHIP IN THE HUMANITIES*

In 1990, British Petroleum provided an endowment to create a Prize Lectureship in the Humanities. The first Prize Lectureship was awarded in 1991. It is awarded biennially to a person aged under 40 working in a Scottish Higher Education Institution. It is awarded sequentially in the following subject areas:

- (i) Language, Literature and the Arts
- (ii) Archaeological and Historical Studies
- (iii) Social Studies
- (iv) Philosophy, Theology and Law

The next award will be in the field of Social Studies.

BRUCE PRELLER PRIZE LECTURESHIP

In 1929 the Society, having received the bequest of the late Dr Charles Du Riche Preller, an electrical engineer and amateur geologist, instituted this biennial Prize Lectureship to be given to an outstanding scientist. It is awarded sequentially in the following areas:

- (i) Earth Sciences
- (ii) Engineering Sciences
- (iii) Medical Sciences
- (iv) Biological Sciences

or, at the discretion of Council, in some other branch of science.

The next award will be in the field of Biological Sciences.

CRF PRIZE LECTURESHIP *

in Biomedical Sciences and Arts & Letters

In 1990, as part of a five-year Agreement with Caledonian Research Foundation, the Society created an annual Prize Lectureship in Biomedical Science. In 1994 it was agreed that the Prize Lectureship would alternate annually between Biomedical Sciences and Arts & Letters subjects. The next Lectureship will be in Biomedical Sciences. The Biomedical Sciences Lectureship is normally awarded to a scientist working outside the United Kingdom. There is no geographical restriction on the domicile of the Prize Lecturer in Arts and Letters.

Prize Lecturers are expected to be of the highest international repute, with no restriction on nationality. The Prize Lecture is normally given at a number of locations in Scotland.

Medals, Prizes and Prize Lecturships

HENRY DRYERRE PRIZE LECTURESHIP

In 1989, the Society received the entire estate of the late Mrs Agnes Dryerre, to establish a fund to be used principally to support research in Physiology. The Fund is named after her late husband, Henry Dryerre, who was a Professor of Veterinary Physiology at the Royal (Dick) Veterinary College, Edinburgh. The Prize Lectureship is awarded quadrennially to a distinguished scholar in the field of medical research.

HENRY DUNCAN PRIZE LECTURESHIP

In 1990, as part of its Purchase of Rooms Appeal, the Society received a donation from the Trustee Savings Bank (Scotland), from which Council created a Prize Lectureship named after the Reverend Henry Duncan, founder of the first Trustee Savings Bank. It is awarded triennially to a scholar of any nationality for work of international repute in Scottish Studies.

GUNNING VICTORIA JUBILEE PRIZE LECTURESHIP

This Prize Lectureship was founded in 1887 by His Excellency Dr R H Gunning, who spent much of his life in Brazil and was noted for his generosity. It is awarded quadrennially in recognition of original work by scientists resident in or connected with Scotland. It is awarded sequentially in the following areas:

- (i) Chemistry
- (ii) Physics
- (iii) Pure or Applied Mathematics

The next award will be in the field of Chemistry.

JAMES SCOTT PRIZE LECTURESHIP*

In 1918 a Prize Lectureship was established in memory of James Scott, a farmer at East Pittendreich, near Brechin, by the Trustees of his Bequest. This is awarded quadrennially for a lecture on the fundamental concepts of Natural Philosophy.

Directory 2002

APPENDIX I (Prizes)

Awards to be made during the next four Sessions

NAME OF AWARD	2001/02	2002/03	2003/04	2004/05

Gunning Victoria Jubilee Prize Lectureship (£500)			x	
James Scott Prize Lectureship (£500)	x			

RESEARCH FELLOWSHIPS AND AWARDS

The Royal Society of Edinburgh administers various Research Fellowship schemes operated through Fellowship Selection Committees, whose members are listed on pages 29-32. Details of the schemes are given below. A list of past Research Fellows can be found in the RSE *Year Books* 1993 and 2001.

SEELLD PERSONAL AND SUPPORT RESEARCH FELLOWSHIPS

These postdoctoral Fellowships are funded on an annual basis by the Scottish Executive Enterprise and Lifelong Learning Department. Particular emphasis is given to research proposals designed to enhance the transfer of ideas and technology from the research community, to secure wealth creation and/or improvement of the quality of life or otherwise consistent with Foresight priorities.

- (a) *The Personal Research Fellowships* are normally tenable for three years and are available to younger postdoctoral researchers. The Fellowships must be held in Scottish Higher Education Institutions and seek to encourage research and scholarship at the highest levels, particularly where this is of industrial or commercial significance to Scotland.
- (b) *The Support Research Fellowships* are available for 12 months to lecturer grade or equivalent level staff, in Scottish Higher Education Institutions, to provide the opportunity to take a year away from teaching duties and concentrate on research. The Society reimburses the employer the cost of a replacement member of the teaching staff.

There is an SEELLD Observer on the Selection Committee which meets in April and May each year to assess applications. The Society hopes to appoint two Personal Research Fellows in October 2001 and two Support Research Fellows in January 2002. The SEELLD Research Fellowships are advertised in January each year with a closing date in mid-March.

CRF PERSONAL AND SUPPORT RESEARCH FELLOWSHIPS

These postdoctoral Fellowships are for research in the biomedical sciences. This covers biological, biochemical, physical and clinical sciences related to Medicine. The scheme runs along similar lines to the SEELLD Fellowships, with Personal Fellowships tenable for up to three years and Support Fellowships tenable for 12 months. These Fellowships are now administered by the Caledonian Research Foundation.

Directory 2002

CRF EUROPEAN VISITING RESEARCH FELLOWSHIPS IN ARTS AND LETTERS

In 1992 funding was received from the Caledonian Research Foundation to create a scheme of research support for the Humanities in Scotland which aims to establish a two-way flow of scholars between Scotland and Continental Europe. Eight CRF European Visiting Research Fellowships are awarded each year, normally four in each direction, and they are for visits of between two and six months' duration. The CRF Fellowships are advertised in September with a closing date in early November.

BP RESEARCH FELLOWSHIPS

This postdoctoral Fellowship scheme was set up in 1988 when British Petroleum most generously provided the Society with an endowment of £2 million. The Fellowships are tenable for three years in Scottish Higher Education Institutions, for independent research in: Mechanical Engineering, Chemical Engineering, Control Engineering, Solid State Sciences, Information Technology, Geological Sciences, and Organic Chemistry (non-biological). The funds are administered by the BP Research Fellowships Trust, the Trustees being the Society's President, the General Secretary and the Treasurer.

The BP Fellowships Selection Committee meets in April and May of each year. The Society hopes to appoint a maximum of two Fellows in October 2001. The BP/RSE Fellowships are advertised in January with a closing date in early March.

LLOYDS TSB FOUNDATION FOR SCOTLAND FELLOWSHIPS AND STUDENTSHIPS

This new Fellowships scheme is funded by a grant from the Lloyds TSB Foundation for Scotland. The post-doctoral Fellowships and postgraduate studentships may be held at any Scottish Higher Education Institution for independent research on the causes and effects of the ageing process, including the medical, psychological, sociological and economic consequences of old age, with the purpose of improving the quality of life. Funding has been given for two three-year Personal Fellowships, five one-year Support Fellowships and two postgraduate studentships.

There is an observer from the Lloyds TSB Foundation for Scotland on the Selection Committee, which meets in April and May. The Society will appoint a maximum of three Support Fellows in 2001. The Fellowships are advertised in January with a closing date in March.

SCOTTISH ENTERPRISE AND PPARC ENTERPRISE FELLOWSHIPS

The Enterprise Fellowships funded by Scottish Enterprise were created in 1996 and may be held in any Scottish Higher Education Institution. They are available in Optoelectronics and related disciplines, Biotechnology and related disciplines, Energy, Microelectronics and Communication Technologies and are tenable for one year. Those funded as a pilot scheme by the Particle Physics & Astronomy Research Council (PPARC) were created in 2000 and are available for commercialisation of research previously funded by PPARC. They may be held in any UK institution and are also tenable for one year.

The Fellowships are available to academic and research staff, postgraduates and graduates with relevant experience. A proportion of the Fellowship comprises business training modules and the remaining time is spent on developing the research from a commercial perspective. It is hoped that up to six Scottish Enterprise and PPARC appointments will be made in 2001, to commence on 1 July 2001. The Enterprise Fellowships are advertised in January with a closing date in late March.

ROBERT CORMACK BEQUEST SCHOLARSHIPS

In 1942 the Society received the estate of Mr Robert Cormack. The Society was directed to administer this Bequest for the purpose of promoting Astronomical Knowledge and Research in Scotland, as far as practicable.

In 1992 Council agreed that the Cormack Lecture be a biennial event and the next Cormack Lecture will take place in 2002. However, the Robert Cormack Bequest Meeting continues annually and this takes place on the last Monday of April each year and is held every second year in Edinburgh, alternating in the other years between Glasgow, Glasgow Caledonian and St Andrews Universities. The Meeting is an all-day event, with a number of presentations by younger and senior research workers. A principal lecture, given by a distinguished scientist, concludes the Meeting.

The Cormack Committee also awards six undergraduate Vacation Scholarships each year, an Undergraduate Research Prize and a Postgraduate Research Prize. The scholarships are advertised in January with a closing date in March.

In 2000 Council agreed that the Cormack Committee may award small research grants, on an *ad hoc* basis up to a total of £5000 over five years, for new projects in astronomy which will benefit the public understanding of science.

Directory 2002

JOHN MOYES LESSELLS SCHOLARSHIPS

These Scholarships arise from a bequest from the late Professor John Moyes Lessells, an eminent mechanical engineer who emigrated to the United States of America in 1920. The Scholarships are for Honours Graduates in Mechanical, Electronic, Electrical, Civil, Chemical and Computer Engineering from Scottish Universities, who wish to study some aspect of their profession outwith the UK. Recipients of the Scholarships must indicate that they intend returning to the UK after their period of study overseas. Scholars are normally appointed for one year, but appointments for shorter periods or for a second year will be considered if appropriate to the activity proposed. The scholarships are advertised in November with a closing date at the end of January.

HENRY DRYERRE SCHOLARSHIP

In 1989 the Society received the whole estate of the late Mrs Agnes Dryerre, to establish a fund to be used principally to support research in physiology. The Fund is named after her late husband, Henry Dryerre, who was a Professor of Physiology at the Royal (Dick) Veterinary College, Edinburgh University. The Henry Dryerre Scholarship supports postgraduate research in medical or veterinary physiology and was awarded for the first time in 1991. This award is normally tenable for a period of three years in a Scottish Higher Education Institution, and is administered for the Society by the Carnegie Trust for the Universities of Scotland. The next award will be made in 2003.

WELLCOME TRUST WORKSHOPS

A grant was received from the Wellcome Trust in 1992 to fund a series of Research Workshops in the fields of Biomedical Sciences (including Behavioural Sciences), Veterinary Sciences and History of Medicine. The Wellcome Trust has since awarded a second grant enabling the Research Workshops to be continued and it is expected that three Workshops will be held in 2001/2002.

Prospective organisers of Workshops apply, on a competitive basis, for a grant of up to £2,500 in support of one-day Research Workshops held in Scotland, bringing together research staff, academic staff and clinicians to discuss topics of common concern. The Workshops are advertised in March, with a closing date in late May.

GRANTS

The Royal Society of Edinburgh administers a Grants Fund for the award of grants to Fellows in support of research and scholarship. This Fund incorporates the legacies of Professor Reinhold Fürth, Mrs Clotilde Auber and Dr D S MacLagan. All Fellows, other than those serving on Council and the Grants Committee, whether in employment or retired, are eligible to apply. Details of the categories of grants are given below and application forms may be obtained from the Society's Research Fellowships Secretary. The closing dates for applications to the Grants Committee in 2002 are: 28 February, 31 May, 31 August and 30 November.

TRAVEL ASSISTANCE

Grants may be made to Fellows of the Society for travel and subsistence, connected with research or scholarship, and are usually given for short visits not exceeding four weeks. Applications for Travel Grants are restricted to one application every two years. Conference registration charges should not normally be included by those attending meetings as invited representatives or speakers, since these are expected to be waived for such participants.

As the Society's Travel Grants are restricted to one per two years, Fellows are normally expected to seek funds from other UK grant giving sources and are encouraged to seek support from sources outwith the UK. Travel Grants are currently subject to a limit of £300 for travel within the UK, £500 for a visit to Europe and £900 elsewhere. If a Fellow is ineligible for, or has failed to obtain, a grant from other sources, he/she may apply for the overall costs, subject to the limits already stated and to the two-year rule.

In the event that the time of the proposed visit and the meetings of the Grants Committees of the bodies concerned require simultaneous applications to be made, the Society will make a provisional grant on the understanding that the Society will be reimbursed appropriately when the amount awarded from other sources has been decided.

D S MACLAGAN TRAVEL GRANT

A legacy was received in 1992 from the estate of the late Dr Daniel S MacLagan to provide a grant once every three years for travel and subsistence incurred in field work on terrestrial ecology, or for attendance at meetings or conferences at which major results of research on terrestrial animal ecology are being presented in Britain or abroad. It is hoped that in addition to attendance at meetings or conferences, a grant holder would spend some time on research collaboration or other associated work during a visit. The grant is open to non-Fellows as well as Fellows, its present maximum value being £1500. Applicants should be members of staff of a Higher Education Institution in Scotland. The grant may be held in addition to funds from other grant-giving sources but Fellows of the Royal Society of Edinburgh may not hold the MacLagan Travel Grant in conjunction with a Travel Assistance Grant from the Society.

MEETINGS

Assistance may be given to Fellows wishing to organise small scale, specialist meetings or symposia in Scotland that are outwith the Society's own programme of meetings. Such support may be provided also for meetings organised jointly by the Society and some other organisation or for meetings organised by individual Fellows with the support of the Society. The actual amount granted will depend on the size of the meeting and be subject to a maximum of £600 for any one meeting. Some support may be provided in the form of a loan, possibly payable in advance of the meeting but repayable as a first charge upon the income of the meeting. The sponsoring Fellow will be expected to submit a brief report and statement of accounts after the meeting.

RESEARCH VISITORS TO SCOTLAND

Grants may be made to assist research visitors to Scotland from other centres in the United Kingdom or abroad to undertake collaborative research work with a Fellow of the Society for a period normally not exceeding one month. Grants may be used as a contribution towards travel and subsistence expenses subject to a maximum of £600 for a visitor from Europe and £900 for a visitor from outside Europe. It will be acceptable for the grant to be supplemented by other organisations such as the British Council, and the parent or the host institution. Applications should be made by the Fellow who will collaborate with the research visitor.

VISITING LECTURERS AND FÜRTH VISITING LECTURERS

Grants may be made available to individuals of suitable standing from elsewhere in the UK or abroad to assist them to come to Scotland to deliver one or more lectures in Scottish Higher Education Institutions. Following the award of a grant, it is expected that the support of the Society be acknowledged in advertising the meeting or meetings at which the Lecturer will speak, and that the Fellow who is sponsoring the Visiting Lecturer will chair the meeting (or at least one of the meetings) addressed by the Visiting Lecturer.

The normal grant will be £350 but this amount may be increased if the Lecturer undertakes a series of lectures in more than one centre. The grant may be used for travel and subsistence expenses, and for suitable entertainment, but not for an honorarium. It will be acceptable, where appropriate, for the grant from the Society to be supplemented by other organisations such as the British Council and the parent or the host institutions.

In the case of a particularly distinguished Lecturer, following the decision of Council in 1991, it would be appropriate to award him/her the title of Fürth Visiting Lecturer in memory of Professor Reinhold Fürth, (1893-1979), whose estate was received by the Society in 1983, and now forms a significant part of its Grants Fund. Such a Lecturer would be introduced as the Royal Society of Edinburgh Fürth Visiting Lecturer.

RESEARCH LIAISON WITHIN SCOTLAND

Assistance may be provided to a Fellow or one of his/her associates, whether in a Higher Education Institution or Research Institution, to enable visits to be made in furtherance of research collaboration between two institutions in Scotland. The maximum amount for any one project in a single year will be £600 but there will be no objection to assistance also being received from either or both the participating organisations.

PUBLICATIONS

Grants may be made to assist in the publication of books written by Fellows of the Society. Such grants will be in the form of a guarantee against loss and not as a subsidy or grant in aid of publication. The maximum amount of any guarantee will be £1000 for any one book but applicants may also seek support from other organisations such as the Carnegie Trust or their parent institution. The Society may consider matching such awards and details of any support already granted or applied for must be provided.

Directory 2002

Applications should be accompanied by a copy of the typescript which will be assessed by referees appointed by the Society, or the author may arrange with the publishers to make available, in confidence, the Reader's report on the work. In either case an award will only be considered if there is a positive recommendation that the work be published. In addition, a copy of any agreement or draft agreement between the author and the publisher is required. It is a condition of any grant that the author and the publisher agree to any sum paid by the Society to the publisher as a guarantee against loss being repaid by the publisher to the Society without interest, before a payment to the author of any fee or royalty.

UNIVERSITY/INDUSTRY LIAISON

Assistance may be provided to a Fellow or one of his/her associates whether in a Higher Education Institution or a Research Institution, or in industry to enable visits to be made in furtherance of collaboration or liaison between the academic or research institution and industry where consultancy fees are not involved. The maximum amount for any one project in a single year will be £600 but there is no objection to assistance also being received from either the parent or the host organisation.

These awards may be used, for example, to enable a researcher in a university department to visit an industrial organisation to initiate or to continue collaborative research on a project of mutual interest or alternatively to enable a researcher from an industrial laboratory to visit an academic laboratory for the same purpose. They could be used to support a visit of a few weeks or alternatively a number of shorter visits over the period of the award.

AUBER BEQUEST AWARDS

In 1988 the Society received the whole estate of Mrs Clotilde Auber, widow of a former Fellow, Dr Lewis Auber (1889-1974). Applicants for an Auber Bequest should be naturalised British citizens or desirous of acquiring British nationality. They should be over sixty years of age, reside in Scotland or England and be bona fide scholars engaged in academic (but not industrial) research. The Scheme is operated on a biennial basis. Previous awards are shown in Year Books 1993 and 2001.

The Auber Awards are advertised in September, in alternate years, with a closing date in mid-January.

EVENTS

ORDINARY MEETINGS

A regular series of public lectures including prize lectures, funded from Fellows' subscriptions, Scottish Executive and RSE Prizes Funds, on subjects of general interest.

PRIZE LECTURES

SEE MEDALS, PRIZES AND PRIZE LECTURESHIPS, pages 41-46

REGIONAL LECTURES

An annual programme of 4 regional lectures for Fellows and public, funded from Fellows' subscriptions, on a range of topics embracing medicine, physical and life sciences, social science and the arts. Hosted by local institutes and delivered at Scottish locations outside Edinburgh by those recognised as rising stars in their subjects.

OTHER LECTURES

RSE/ SCOTTISH NATURAL HERITAGE LECTURE : This annual lecture is funded jointly by the SNH and RSE Fellows' subscriptions and is given in the area of environmental sciences.

EDINBURGH LECTURES SERIES : These lectures, funded by corporate and charitable donations are given as part of the Edinburgh Lectures Series to increase knowledge and understanding of global issues.

RSE/ ROYAL ACADEMY OF ENGINEERING (RAENG) ANNUAL LECTURE : This lecture, funded by corporate donations, is hosted in alternate years by the RSE and the RAEng either in Glasgow or Edinburgh for the purpose of promoting research in engineering.

RSE/ EDINBURGH CENTRE FOR RURAL RESEARCH/ INSTITUTE OF BIOLOGY ANNUAL LECTURE : This lecture, funded by the ECRR and RSE Fellows' subscriptions, is given on an annual basis to promote knowledge and research into plants and biology.

SEMINARS

RSE FORESIGHT SEMINARS: These seminars, supported by the Scottish Higher Education Funding Council (SHEFC) and Scottish Enterprise (SE), are part of the Society's activities under the Government's Foresight Initiative and examine future developments in sectors of importance to the Scottish economy.

Directory 2002

RSE COMMERCIALISATION SEMINARS: These seminars, supported by the Scottish Higher Education Funding Council (SHEFC) and Technology Ventures Scotland (TVS), aim to broaden the range of people involved in commercialisation, improve their 'networking' with each other and raise awareness of the issues involved in successful commercialisation.

CONFERENCES AND SYMPOSIA

The RSE holds a range of conferences and symposia throughout the year in partnership with a number of different bodies, and funded through corporate, public, charitable donations and registration fees.

These events are held on topical areas of interest and aim to bring together different disciplines for multidisciplinary discussion. Speakers are mainly of international renown.

CRF/RSE INTERNATIONAL CONFERENCE : This international conference, funded by the Caledonian Research Foundation, is held annually on a biomedical topic and allows Scotland's up and coming biomedical researchers to access leading, eminent speakers.

BIOMEDICAL SEMINAR : This symposium, funded by the Scottish Executive on an annual basis, deals with biomedical research and aims to bring together clinicians and medical researchers to address issues of common interest.

WORKSHOPS

ORAL HEALTH WORKSHOP : This workshop, held every two years, is funded by corporate and public funding and by registration fees. It deals with the latest research into oral health.

PARTICLE PHYSICS WORKSHOP : This workshop is held on an annual basis and is funded by PPARC. It is aimed towards students of UK universities.

WELLCOME TRUST WORKSHOP : Part of the RSE's Research Awards programme, see page 50.

EXHIBITIONS

The RSE holds exhibitions in partnership with a number of different bodies, funded through corporate, public and charitable donations.

DISCUSSION DINNERS AND SUPPERS

These events, funded wholly from charges made to Fellows, allow Fellows an opportunity to meet their peers over dinner or supper to discuss multidisciplinary topics. Discussion suppers are led by chosen speakers and discussion dinners follow on from the lecture topic of an ordinary meeting.

DISCUSSION FORA

These events deal with topical issues which have an impact on Scotland's well-being. Led by a panel of speakers, the audience is strongly encouraged to contribute to the discussion. Reports are produced and sent to Government and other relevant bodies.

FELLOWS' SOCIAL EVENTS

Throughout each Session, several Social Events for Fellows take place.

The Fellows' Triennial Dinner is held once during the three year term of each Presidency. Fellows are notified of the date around 2 months in advance and may attend upon payment of a fee.

A summer reception for Fellows, their partners and guests is normally held in June/July, with the venue alternating between the RSE and another location in Scotland.

For the past two years a golf tournament has been held for Fellows and their guests; in 2000 this was held in Scone and in 2001 at Aberdour. Suggestions for future venues are welcome.

The New Fellows' Dinner held each October, is an induction event where New Fellows can meet current members of Council and senior staff.

YOUNG PEOPLE'S PROGRAMME

SCHOOLS' LECTURE PROGRAMME

These lively talks for secondary schools throughout Scotland are funded through corporate and charitable donations. They aim to enthuse and excite students about science, engineering and technology and demonstrate the relationship between subjects studied at school and their practical applications.

CHRISTMAS LECTURES

Held at a different location each year, there is a talk for local schools and a talk for the wider community. Supported by the Heggie Fund, they aim to encourage an interest in science and technology.

RSE ROADSHOW

The RSE Roadshow, funded through corporate and charitable donations, is aimed at older primary and younger secondary school children throughout a given area. It includes talks and workshops to bring science to life and is held at different locations throughout Scotland.

STARTUP: SCIENCE MASTERCLASSES

These masterclasses, supported by the Lloyds TSB Foundation for Scotland, are held at five different locations in Scotland. They aim to widen students' experience of science, engineering and technology. The masterclasses are for students in S1 and S2 and emphasise the role of science in society through talks and practical activities.

PHYSICS MASTERCLASSES

Building on the success of the Startup Science Masterclasses, these new classes are supported by the Heggie Fund and the University of Glasgow. They allow S5 and S6 students the chance to find out about the everyday applications of physics, through imaginative, hands on activities.

SCIENCE SUMMER CAMP

The Lloyds TSB Foundation for Scotland funds this new non-residential summer camp. S1 and S2 students learned about science and technology through fun, interactive activities. It is planned to hold camps at different locations around Scotland.

MATHS MASTERCLASSES

These established masterclasses, funded by the Heggie fund, are aimed at primary school children to show that maths is fun and creative whilst also developing children's intuition, problem-solving and analytical skills.

DISCUSSION FORUM FOR YOUNG PEOPLE

RSE Young People's Discussion Fora, funded through corporate and charitable donations, aim to offer students in S5 and S6 a chance to get to grips with a topic such as GM Foods or Mobile Phone Safety. Based on the Consensus Conference model, participants hear evidence from experts and interested parties before discussing the issues in greater detail in smaller workshop groups. The students then put forward their own ideas and proposals which are compiled into a report that is sent to decision-making bodies. This allows young people the opportunity to have a say in issues that affect society.

INTERNATIONAL PROGRAMME

The RSE is aware that learning is not limited by national boundaries and is therefore developing international links of interest to Scotland, in order to respond to the responsibilities of being Scotland's National Academy.

International activities, however, are not new to the RSE. From its earliest days the Society sought to play a significant international role; Benjamin Franklin and Goethe were both elected Honorary Fellows.

The RSE has established a Committee on International links, convened by Lord Wilson of Tillyorn, to take forward the commitment to establish stronger international links.

The four main objectives of the Society's international policy are:

- To promote knowledge of the Society and visibility of the Fellowship overseas, through initiatives such as the RSE's increasing interaction and co-operation with the British Council.
- To interact with and run joint activities with selected overseas academies.
- To broker exchange visits by Fellows and others to overseas institutions, and visits by foreign scholars and students to Scottish institutions.
- To offer a forum for discussion of international developments in science, arts, letters, the professions, technology, industry and commerce.

PUBLICATIONS

The RSE has been publishing for over 200 years, initially Transactions, followed in 1831 by Proceedings. The series continue to the present day, albeit in different forms.

THE JOURNALS

The journals

- Proceedings of the Royal Society of Edinburgh, Section A: Mathematics, and
- Transactions of the Royal Society of Edinburgh: Earth Sciences

are peer-reviewed specialist research journals with an international audience and authorship. Each journal is edited by Fellows expert in the particular fields, supported by an international Board of Consulting Editors.

OCCASIONAL PAPERS

- No. 1: Leukaemia Clusters (1995)
- No. 2: Waste Disposal (1995)
- No. 3: Gene Therapy (1995)
- No. 4: Scientific Research & Oral Health (1996)
- No. 5: Ethical Implications of the Human Genome Project (1996)
- No. 6: Scotland's universities in the 21st century (1997)

OTHER PUBLICATIONS

New Directions in Differential Equations

James Hutton & Joseph Black

History of the Society

Mathematics books for children

Commercialisation Enquiry Final Research Report

ORDERING

Both journals (together with back volumes of the biological series, Proceedings B) and the Year Book are available from the RSE's distribution agents, CABI Publishing. Please contact:

Customer Services Department, CAB Publishing, Wallingford, Oxon OX10 8DE

Tel: +44 (0)1491 832111; Fax: +44 (0)1491 829292; email: orders@cabi.org

Some other publications are available direct from the Royal Society of Edinburgh. Further details are available from the Journals Officer (publications@royalsoced.org.uk). All prices include postage and cheques should be made payable to 'The Royal Society of Edinburgh'.

EVIDENCE AND ADVICE

The Society is frequently asked to comment on proposals prepared by Government departments, Committees of Inquiry, Parliamentary committees and other public bodies. The RSE also initiates studies of key issues, such as the impact of Devolution on Science (in association with the Royal Society of London) and the impact of Devolution on the Arts, Humanities and Social Sciences (in association with the British Academy).

With the Fellowship spanning the range of disciplines from Arts to Sciences, Business and Public Affairs, the Society offers a unique resource of intellect and multidisciplinary experience, to provide a more holistic approach to expert advice.

Following Devolution and the establishment of the Scottish Parliament, the Society is seeking to play a constructive role in Scotland's governance, legislation and wider UK policy making, and Council believes that the Society should have systems in place to respond promptly and effectively in providing independent evidence and comment.

Fellows have the opportunity to contribute to the Society's responses, and thereby influence the processes being advised upon. Please contact Dr Marc Rands, Research Officer (evidenceadvice@royalsoced.org.uk) if you wish to receive regular notification of current submissions. Even where the topic is not specific to your discipline, all views are welcome as the Society takes a multidisciplinary view in order to produce a well-rounded response. If you were interested in contributing to a consultation, there would be no need to respond to every question posed, as a targeted short response can be of immense help.

KEY AREAS OF ACTIVITY

- a) providing independent advice to the Scottish Parliament and Government, and other bodies, on policy issues affecting Scotland, directly and indirectly through the Fellowship.
- b) responding to public consultations and offering an expert, multidisciplinary perspective on national and global problems
- c) acting as an independent think-tank, and publishing authoritative Royal Society of Edinburgh Reports.

FUNDRAISING

Realising Scotland's Excellence

Much in Scottish life has changed in the past 3 years, with devolution and the arrival of the Scottish Parliament. These changes have given new importance to various of Scotland's institutions, amongst them the RSE.

If Scotland is to make the most of the opportunity of devolution it must harness its resources into effective partnerships. The RSE, with its multi-disciplinary Fellowship and expertise from academe, business and government, is in a pivotal position to facilitate that process, to create the partnerships that will drive Scotland's progress.

It, of course, requires funding to develop initiatives and instigate the debates and research that are at the centre of the Society's activities. More importantly it requires funding that comes without specific conditions so that the Society can maintain its independent and impartial approach. The current fundraising campaign *Realising Scotland's Excellence* has been undertaken in order that the Society can do just that: develop the range of its activities and be part of initiatives which can have an important and beneficial impact on Scotland.

The Society has been involved in fundraising in the past, as many Fellows will be aware. The campaign which terminated in 1990 celebrated the Bicentenary of the Society and the funds raised were used to renovate the Society's premises. The 1994 campaign was launched to extend the Society's Rooms with the purchase of 26 George Street. Both these campaigns were focussed on "bricks and mortar" appeals.

The current campaign is about the pursuit of an ideal. The Royal Society of Edinburgh represents a very valuable reservoir of intellectual talent. The goal is to optimise the use of that talent for Scotland's wellbeing, so that Fellowship of the Society is not a destination but a departure point for a wider contribution to the future of Scotland. This is not simply a campaign about money; it is a campaign about awareness. An important part of the campaign is to create a wider awareness within Scotland and a greater recognition of the capabilities of the Society and how it can work with other organisations to realise goals together.

For information on how to contribute, please contact Stuart Armstrong, (sarmstrong@royalsoced.org.uk).

CONFERENCE FACILITIES

The RSE Scotland Foundation was formed by the Royal Society of Edinburgh in 1996 as a charitable trust with broad-ranging educational, scientific and cultural objectives. Its first major project was the refurbishment of 26 George Street and linking to 22-24 George Street to provide first class conference facilities which it now manages.

With a variety of rooms available, the facilities in the RSE Scotland Foundation Conference Centre can be tailored to meet the needs of a diverse range of meetings.

CONFERENCE CENTRE

ROOMS	NUMBERS SEATED	NUMBERS RECEPTION
Wolfson Lecture Theatre	145	N/A
Wellcome West	100	130
Wellcome East	60	80
Kelvin Room	18 (at table)	40
Meeting Room	20	25
Upper Gallery	60	80
Swann Room	40	50
Lower Gallery	30	40

AUDIO VISUAL EQUIPMENT

Overhead Projector and Screen, Portable PA System, Data Projector, 25mm Slide Projector, VCR and Monitor, White Board, Flipchart.

FACILITIES FOR FELLOWS

There are two rooms reserved for Fellows' use at no charge: The Fellows' Room and the MacRobert Room, which is equipped with two internet enabled PCs. Tea and Coffee making facilities are available in the Fellows' Room on the ground floor .

Occasionally, during major conferences, the Fellows' Room may be required for interviews, breakout sessions, etc. Should that be the case, Fellows will be provided with suitable alternative facilities.

For further information contact : Frank Pullen (rooms@royalsoced.org.uk) or see the Foundation web site www.rsescotlandfoundation.org.uk

DEATHS : NOVEMBER 2000-JANUARY 2002

ORDINARY FELLOWS

Sir Kenneth (John Wilson) ALEXANDER	27 March 2001
John Frank ALLEN	22 April 2001
Edward Raymond ANDREW	26 May 2001
Cecil Arnold BEEVERS	17 January 2001
Charles Michael McIntyre BEGG	03 February 2001
James BELL	11 November 2000
Malcolm Murray CAMPBELL	28 October 2001
